POLICIES 360

We made our way back east to Memphis, Tennessee, to participate at the 2017 F-Body Nationals. Our CPP project vehicles, 1955 Bel Air ('55 Revive), 1970 Camaro, and 1968 Camaro convertible went along for the drive - over 4000 miles to Tennessee and back to California for the ultimate road trip!

THE CPP STORY

Who could've guessed what was going to become of a little Southern California parts shop called Classic Performance Products, Inc. back in December 1991. 24 years later, CPP has become the industry's "go to" specialist in steering, brakes and suspension products for classic cars and trucks.

With the support of his wife, Jill, Jim Ries opened for business in December of 1991 and has not looked back since. Ries grew up watching his dad, Jack "JR" Ries, run a successful classic truck parts business in the '60s and '70s, but wasn't ready to open shop until he had a few of his own real world experiences. When the monster truck craze hit Southern California, Ries got in on the action at the very beginning. Building and racing several of these massive vehicles for Horse Power Promotions gave him valuable knowledge on the inner workings of steering, brakes and suspension truck parts.

Moving from monster trucks to classic trucks, Ries worked for Seth Doulton at Golden State Pickup Parts for several years before venturing out on his own. Not satisfied to just sell parts, Ries set out to redefine the classic truck steering, brakes and suspension industry with better quality and better cost products. Based on the early success of the first manufactured products, the engine and transmission crossmembers, CPP went on to design Brake Booster Kits, C10 Lowering Kits and Suspension Kits, "Bolt On" Disc Brake Kits, and the list goes on.

In recent years, the development of CPP's Mini™ Sub-Frame Suspension Kits, Totally Tubular™ Control Arms, 500 Series™ Power Steering Boxes, Modular™ Spindles, SOS™ Brake Kits, and the award-winning MCPV1™ Master Cylinder has put Classic Performance Products, Inc. on the map. Working with the industry's top magazine editors at Super Chevy, Classic Trucks, Custom Classic Trucks, Hot Rod, Street Rodder, Rod & Custom, Drive!, and many more have provided us many opportunities to test our newly developed parts on vehicles for our customers to read about.

The early days were not glamorous for CPP. The Ries family was growing, and space in their initial company headquarters (the garage) was shrinking. Big decisions had to be made on the future of Classic Performance. In September of 1993, the lease was signed on a new storefront, complete with 300 sq. ft. showroom, sales office and warehouse in Buena Park, California. A new build department was added along with shipping and storage shelves. Finding success with the classic truck industry, and more room to grow, CPP expanded its product line to include classic car market, once again providing the same top quality products. CPP also added a full line of all the top brands in the industry: Brembo, RideTech, Lokar, Ididit, Total Cost Involved, Heidt's, Unisteer, Wilwood, Baer Brakes, and many more. CPP's engineers work closely with these companies when developing new products, having found that partnering together compliments each other's parts and ultimately benefitting the end user.

In May of 2005, CPP once again moved buildings to Anaheim, California. With an additional 10,000 sq. ft. added in 2008 and 2011, CPP was occupying over 40,000 sq. ft., including a beautiful 3,000 sq. ft. showroom, plus sales and business offices and shipping and receiving departments. This also allowed us to expand our manufacturing facilities including four milling centers and three lathes centers, R&D department, and graphics and marketing department. At the end of 2012, CPP once again grew, purchasing our own 80,000 sq. ft. building in Placentia, California. This enormous undertaking doubled our office, showroom, shipping and manufacturing space. This has enabled us to house our entire operation under one roof and more effectively and efficiently get parts to our customers.

As we move forward into our 24th year of business, we have not forgotten where it all began....building quality parts at an affordable price for our customers.

CPP's first storefront located in Buena Park, circa 1995

The new CPP Tech Center allows us to test new products on vehicles to ensure quality and fit.

Our new Placentia showroom displays thousands of our products.

In the early days, CPP's first showroom and front counter.

Our friendly sales team.

Return Policy: Customer must call for a return (RMA) number on all returns, regardless of the reason for the return. All returns must be accompanied by a copy of the original invoice. No returns accepted after 30 days. No returns on special orders, electrical parts, installed or altered parts. All returned merchandise is subject to inspection before a replacement or refund is issued. A 20% restocking fee applies to correctly shipped items that are returned within 30 days. Restocking fee will be waived if return is accompanied by a new order with a value of \$25.00 more than the returned order. NO EXCEPTIONS!

POLICIES & PROCEDURES

ORDERING INFORMATION

Phone orders – Call us at 1-800-522-5004. Our sales staff is available Monday to Friday, 8 am to 5 pm and Saturday, 8 am to 12 pm. Please have the part numbers available in order to save time. If you are unsure, our helpful sales staff will be able to verify the part numbers for you.

Fax orders – Our fax line is available 24 hours a day. Send all order forms to (714) 522-2500. Please make sure to include a contact phone number and email address for confirmation.

Mail orders – Send the order form found on page 283 along with your payment to: Classic Performance Products, Inc. 378 E. Orangethorpe Ave., Placentia CA 92870. Please call us for a shipping estimate prior to sending your order.

Online orders – Visit our website at www.classicperform.com. You can find the parts you need and add them to the cart. For your protection, all orders submitted thru the website are subjected to a thorough verification procedure prior to shipping. We will be emailing you with a confirmation.

FIRST TIME ORDERS

All first time customers paying by credit card must have their first order shipped to the billing address of the credit card. Future orders may be shipped to a separate address 60 days after receipt of the first order, provided the first shipment has been received at the billing address untested. Customers can also use the toll-free number on the back of their card to contact the credit card company and add an "Alternative Shipping Address" authorizing purchase be delivered to a destination other than your billing address.

SALES TAX

California residents must include 8% State Sales Tax. If you are an automotive parts business and/or you have a tax number, please include it on a tax card with your order.

SPECIAL / CUSTOM PRODUCTS

A 50% non refundable deposit is required before any Custom Orders or Special Products are manufactured by CPP. Allow 4 to 6 weeks for delivery. No returns or refunds are allowed on special/ custom orders.

BACK ORDERS

Listings in the catalog do not imply availability. If some items are out of

stock when you place your order, we encourage that you request we ship ahead your other items. We will keep you updated on the availability of your part so always include your email address. We will ship as soon as possible when the part comes in.

PAYMENT

We accept Visa, MasterCard and Discover credit cards, money orders, wire bank transfer, personal and company checks. We verify all credit card orders for your protection. In some cases, this may cause a slight delay in shipping. We also accept Paypal upon request. Please call for a money request and a reference number if using Paypal. For Paypal payments, we only ship to confirmed addresses. Orders paid by credit card or certified funds will be processed immediately, checks or money orders may be held 10-20 business days pending check clearance before shipping. There will be a \$25 service charge on any returned checks. Stop payment will constitute legal action and/or collection. Sorry, we do not accept COD orders. We charge the full amount of the order at the time of shipping.

SHIPPING

A shipping and handling fee is added to all orders shipped. The shipping charge is determined at the time of shipment. The standard fee is Published Rate + Handling Fee. For example, \$10 (published rate) + \$1.50 (handling fee) = \$11.50 total shipping charge. Oversized items and certain destinations (AK, HI, PR, International) will be higher. Express shipping is available at an extra cost. Please contact us if you require a shipping quote.

We ship via Fedex, UPS, and truck freight for palletized orders. Small parts may be shipped via USPS.

International orders are shipped via Fedex, DHL or DB Schenker. We only ship via Air Freight. These orders may incur duties, customs broker fees and other charges relate to the importation of the merchandise. All charges are sole responsibility of the customer. Please check with your local customs office for more information.

SHIP NOTIFICATION

Please provide your email address and we will send you a shipping notification notice with your tracking number.

TECHNICAL SUPPORT

Steering, suspension and braking systems and components require proper installation procedures to assure safe and correct operation. Always test completed installation in a safe area prior to placing the vehicle in service. CPP's technical service personnel, including a licensed professional engineer, have the training and experience necessary to assist you with installation or operation problems. Also, they will be happy to speak with your installation mechanic, if you have one. PLEASE REFER TO OUR COMPLETE TECHNICAL AND INSTRUCTION GUIDES ON OUR WEB SITE. *Also note: We do not reimburse for any labor charges if you contract for professional installation.*

Note: Due to the variances in the manufacture of after-market products and/or original equipment, production run changes, multiple suppliers of the same product(s) and almost limitless options for such parts, it is the ultimate responsibility of you (the buyer/consumer) to confirm in advance that such part(s) will fit your vehicle.

DAMAGE OR SHORTAGES

Make certain you inspect all packages in the presence of the driver/carrier. If you receive a package that has been damaged or opened, make a claim with the driver/carrier at that time. All claims of loss, concealed damaged, damage or other destruction must be made by you with the carrier. Save all boxes and packing materials, as the carrier may want to inspect it. We apologize for this inconvenience - but this is our carrier's shipping policy. Any shortages not the fault of the carrier must be reported within 5 days of receiving order. No exceptions allowed.

RETURNS

Merchandise may be returned or exchanged within the first 30 days of purchase. We do not take returns or exchanges after 30 days. **How to return a Product:**

1. Customer must request a Return Merchandise Authorization number (RMA) by contacting us via phone or online at www.classicperform.com/returns
2. Return part in the original box and packaging with the RMA number marked on the box.
3. Include a written explanation of the reason for return and copy of the original receipt.
4. Customer is responsible for all shipping costs, regardless of the carrier. We strongly suggest you use UPS, Fedex or USPS with tracking number and insurance to protect yourself against loss or damages.

All returns are subject to inspection before a replacement or credit is issued. We do not issue cash refunds. A 20% restocking fee may be applied, unless a new order is placed with a value of \$25 more than the returned order or by choosing store credit. Parts that have been installed, painted, abused or modified will not be accepted for return and may be sent back to the customer. Electrical and special ordered parts are non-refundable.

WARRANTY

All CPP products are guaranteed for life from date of purchase, to be free of defects in materials and workmanship. This guarantee is void in the event of misuse, neglect, improper installation or misdiagnosis. At our option, we will repair or replace any product found to be defective subject to our inspection and approval. Warranty returns require the same procedures as above. All suspected defective item must be authorized prior to return; they must have a Return Merchandise Authorization (RMA) number, the original invoice, a brief description of the problem ("defective" is not sufficient) and customer must prepay shipping. Parts that are disassembled, altered, modified, disfigured, or abused will not be covered by our warranty. This warranty does not cover reimbursement of labor costs or incidental damages (if any). There

are no refunds on shipping costs, electrical parts, or special order merchandise.

PRODUCT CHANGES

We are constantly updating and revising our products to bring you the best quality parts available. CPP reserves the right to make changes and improvements without notification. We have no liability to update previously sold items.

CORE CHARGES/DEPOSITS

The purpose of a core deposit / charge is to insure the return of rebuildable parts. Your deposit will be promptly refunded when we receive your complete, rebuildable core. A copy of your original purchase invoice must accompany your core. No refund will be issued for broken, damaged, disassembled or incomplete cores. No exceptions will be allowed. All cores must be prepaid by customer and returned within 30 days of purchase to obtain full core value. Cores not returned within 30 days will receive only one half (1/2) of core value. Unless cores are returned within a timely fashion, other customers will have to wait.

LIABILITY

The seller, CPP, hereby expressly disclaims all warranties, either expressed or implied warranty or merchant ability of fitness for a purpose, and CPP neither assumes nor authorizes any other person to assume for it any liability in connection with the sale of this merchandise. CPP will be responsible only for "the products sold by us." Sellers and manufacturers only obligation shall be to replace such quantity of the product proved to be defective by CPP. Neither seller nor manufacturer shall be liable for any loss, injury or damage, direct or consequential, arising out of the use of, or the inability of product. After use, the user shall assume all risk and liability whatsoever in connection thereof. For out of country, it is the responsibility of the consumer to research the requirement of their local authorities and how local policies may apply to the use of our products prior to purchase and installation.

PRICING, TERMS, CONDITIONS

CPP reserves the right to change prices, terms, specifications and other information without notice. Please call or write us if you have any questions or you feel there is a discrepancy.
